FOUNDERS' HISTORIC PRESERVATION AWARD 2009

**Nomination of Zouhair Mardini, Owner,
and Joshua Scott, Principal, Mosaic Architecture**
for the preservation and rehabilitation of the 901 First Street Building

Whereas Zouhair Mardini, Owner, and Joshua Scott, Principal, Mosaic Architecture recognized and embraced the intrinsic historic character and value of the 901 First Street Building and,

Whereas Zouhair Mardini has clearly demonstrated a dedication to true preservation and restoration of the Historic Features of the building when less expensive replacements could have been applied and,

Whereas owner Mardini and architect Scott ensured that new additions were designed and constructed to set back and complement the original structure maintaining the original streetscape and,

Whereas to the greatest extent possible the building's historic purpose is maintained in its rebirth and,

Whereas the team of Mardini and Mosaic have thus restored a 'bookend' piece of Snohomish Historic District's First Street heritage,

Be it known to all that the Snohomish Historical Society, in celebration of its 40th anniversary, does hereby present this Founder's Historic Preservation Award of 2009.

APPROVED BY MEMBERSHIP VOTE AUGUST 12, 2009:

Marta Gronlund, Secretary
